

Scangrip Head Lamps

SCANGRIP LED Headlamps for professionals

Illuminates your entire workplace, rechargeable, long duration time, easy to operate, sensor function with touchless on/off switch.

As opposed of all other headlamps providing a beam of light, the new I-VIEW and ZONE headlamps are designed to provide optimum work light illuminating your entire work area.

Supplied with the newest COB LED technology, both headlamps provide an extremely powerful illumination which spreads the uniform light to the maximum and lightens up the entire field of view. You avoid turning the head to illuminate your actual workspace from a limited headlamp beam.

SCANGRIP I-VIEW Headlamp

Rechargeable head lamp with toucheless sensor.

Is provided with the very newest rechargeable battery technology with extraordinary long duration. When set on sensor mode I-VIEW is switched on/off only by waving a hand on front of the lamp.

Adjustable light output 2 levels. Light output 40-400 lumens.

Step 1: 100 lux @0.5 mtr. Step 2: 1000 lux @0.5 mtr.

Maximum burntime on battery charge 15-1,5 hours.

Charging time 3,5 hours. Operating temperature -10°C to +40°C.

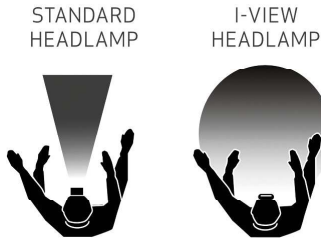

Rechargeable battery Li-Ion 3.8V 1600 mAh, and USB to mini charge cable, charge voltage 100-240V 50/60Hz and 5V current 1A (3,25W). NO USB Charger included.

Protection IP65, impact protection IK07, impact resistance 1 mtr.

Angle main beam 120°/60°. Light color 6000K. Ra >80.

Dimension 10,0 x 3,8 x 5,0cm LxWxH, weight 0,10 kg.

Scangrip Head Lamps

SCANGRIP LED Headlamps for professionals with NIGHT VIEW MODE

With the Night View headlamp you can choose between white and red work light. The red light is intended for work in the dark and provides light without overexposing the retinas while at the same time keeping the eyes adjusted for the dark. The red-light function is mostly known from the military but is also needed in the civilian sector for work at night, for instance on ships and offshore. On ships it is particularly useful on the bridge at night because it preserves your night vision so you can work at the control panel. Supplied with the newest COB LED technology and rechargeable battery technology with extraordinary long duration. When set on the sensor mode Night View is turned on/off only by waving a hand in front of the lamp even when wearing thick gloves.

2 COLOUR LIGHT

SCANGRIP NIGHT-VIEW Headlamp

Rechargeable head lamp with toucheless sensor. Is provided with the very newest rechargeable battery technology with extraordinary long duration. When set on sensor mode I-VIEW is switched on/off only by waving a hand on front of the lamp. Adjustable light output 2 levels. Light output 80-160 lumens. **With RED / WHITE COB LED.**
 Step 1: 250 lux @0.5 mtr. Step 2: 500 lux @0.5 mtr.
 Maximum burntime on battery charge 5-2,5 hours.
 Charging time 4,0 hours. Operating temperature -10°C to +40°C.
 Rechargeable battery Li-Polymer 3.8V 1600 mAh, and USB to mini charge cable, charge voltage 100-240V 50/60Hz and 5V current 1A (3W). NO USB Charger included.
 Protection IP65, impact protection IK07, impact resistance 1 mtr.
 Angle main beam 120°/60°. Light color 6000K. Ra >80. (RED 632nm)
 Dimension 10,5 x 5,2 x 4,3cm LxWxH, weight 0,13 kg.
